

KOENIG Racing opens the 2010 VORRA race season with a 2<sup>nd</sup> place podium finish at Prairie City, Ca. "My GOODYEAR MTR tires hooked up great in the corners, and I could stick my lines. They gave me confidence to battle with the field at this short course track. This is a great way to start our season and chase a class championship. There is a lot of racing still this year, but we could not be happier", stated Mike Koenig after the race.

Moto 1- Koenig qualified 2nd and earned a front row position, but Jake Povey squeaked away with the hole shot in his big v8 ranger. He didn't make it far carrying too much speed into the corner in turn one and endowed his truck 2 1/2 times. "I was able to stick my line and cut under the flipping truck and avoid any carnage." But the race was red flagged which forced a restart, bummer. Koenig fought his way through the field to finish that moto to 2<sup>ND</sup> place, edging out all the v8 trucks in class T.

Moto 2- Tight racing with the top 3 drivers had the crowd on their feet. Koenig ran third all 5 laps but snuck on the inside of the final turn to pass the second place truck right before the checkered flag.

Moto 3- Sometimes you are just in the right place at the right time in life! TEAM KOENIG Racing took a random kid who was cruising the pits with his dad for the ride of his life. They strapped him into the truck for the whole 3<sup>rd</sup> moto and gave him his first ride in a race truck.

KOENIG Racing would like to thank: TOTAL CHAOS Fabrication, GOODYEAR Tires, Currie Enterprises, JD Films, Streamline Forms and Graphics, Rugged Radio, KING, Doug Thorley.
